

>>> RESPIRATORY PROTECTION

SURVIVAIR BLUE 1™ H-VERSION HALF MASK RESPIRATOR

Blue 1 Healthcare Version features speaking diaphragm and filter splash guards.

H-Version Features

- Speaking diaphragm for improved speech intelligibility
- Filter splash guards for contamination protection and ease of decontamination/cleaning
- Exhalation valve cover angled to divert worker's exhaled breath away from the patient

Comfort & Fit Features

- Silicone skirt provides a comfortable fit and soft feel to the face
- Dual sealing flange (1 inner and 1 outer) provides excellent facepiece seal and a more secure fit
- Rear split strap for easy donning and better support
- Retainer clips hold excess straps in place
- Available in three sizes for wide range of fit
