

Hose Reel Order Worksheet

Fill out this simple form (for each reel required) and mail or fax it to American Airworks.

1. Who is the reel for?

Company _____	Street Address _____
Division _____	City _____ State _____ Zip _____ Country _____
Contact _____	Telephone _____ Fax _____ Date _____
Web Address _____	Email _____

2. What is the reel for?

Hose (check one)

- Live Storage only
 Single hose Dual hose

Inside diameter: _____
 Outside Diameter: _____
 Bend radius: _____
 Hose length: _____
 Hose weight: _____
 Flat hose dimensions: _____
 Coupling spacing: _____

Type of product handled (check one)

- Liquid (specify type): _____
 Gases (specify type): _____
 Oxygen/Acetylene: _____
 Other (specify type): _____
 Hydraulic fluid (specify type): _____

Temperature: _____
 Pressure: _____

Cable (check one)

- Live Storage only

No. of conductors required: _____
 Outside diameter: _____
 Bend radius: _____

Hose inlet type (check one)

- 90° Straight
 Special material (internal hub assembly)
 Aluminum Malleable iron
 Steel Stainless steel
 Bronze

Connector size: _____

Hose outlet type (riser)

Size: _____

Thread (check one)

- National Pipe Thread (NPT)
 Joint Industry Committee (JIC)
 National Standard Thread (NST)
 British Standard Pipe (BSP)
 Other (specify type): _____

Cable length: _____

Cable weight: _____

Amperage: _____

Voltage: _____

3. What features does the reel need?

Check type of rewind:

- MANUAL**
 Disc rewind Gear-drive crank
 Direct crank Chain-drive crank
 POWER
 Spring Air
 Hydraulic Electric (voltage): _____

Check type of installation:

- Floor Wall Overhead Vehicle

Temperature range: _____

Environment: _____

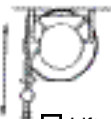

Accessories (if any): _____

Finish (if other than standard): _____

Roller assemblies: _____

Hose/cable stop: Yes No

Check type of installation and roller position for spring reel:

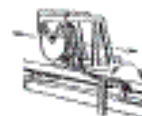

Lift

Stretch (no roller)

Drag

Recovery/pick-up (no roller)

Roller

- Position VR Position SR
 Position TR Constant tension

4. Please note any size and/or weight limitations for your installation.

Length: _____

Width: _____

Height: _____

Weight: _____

Please call for custom applications not found here.
